**START PLANS FOR 1957 MICHIGAN WEEK**

Lester N. Biederman, president and general manager Midwestern Broadcasting Company, has been appointed chairman of the Northwestern region for 1957 Michigan Week. Michigan Week will be observed next year from May 19-25. This region is comprised of Emmet, Charlevoix, Antrim, Otsego, Leelanau, Benzie, Grand Traverse, Kalkaska, Crawford, Manistee, Wexford, Missaukee and Roscommon counties.

A native of Philadelphia, Pa., Mr. Biederman has compiled an outstanding record in the business field. He attended Philadelphia public schools through grammar school, and also attended evening school in Philadelphia for several years.

He started his career in 1925 as an office boy and later a clerk and time keeper at Cramps Shipyard, Philadelphia. In 1927 he started work with the Edward G. Budd company of Philadelphia and progressed as a draftsman, tool and die designer.

From 1930-39, Mr. Biederman worked as a radio operator and engineer for Foulkrod Radio Engineering Company of Philadelphia and in 1940 he moved into his present position.

In other business interests Mr. Biederman is president, director and stockholder of Midwestern Realty Company of Traverse City; president of Educational Fund, Inc., a public corporation in Traverse City; president of Northwestern Michigan College board of trustees. Mr. Biederman is also active in many other civic, professional and social organizations in northwest Michigan.

K. T. Keller, retired chairman of the Board of Chrysler Corporation, will be general chairman of the week-long event.

Working with him to help make the fourth annual Michigan Week the biggest celebration in the history of the event will be nine regional chairmen located throughout the state.

The regional chairmen, a new idea suggested by Mr. Keller to encourage the widest possible participation in the week, will select county chairmen who in turn will name community chairmen.

Explorer Scout Post 77 of Grayling determined to do some- thing about this lack.

At their regular meeting the Explorer Scouts talked about the situation and decided that there should be some equipment made and men trained in its use. The idea was brought up

## Ski Areas

(Continued from Page 1)  
skiing scene represent all four of the state's tourist regions. East Michigan will offer 23 winter

sports centers, seven of them new this year: Lovell's Winter Playland, 15 miles northeast of Grayling; Houghton Lake Snow Bowl, 5 1/2 miles southwest of Houghton Lake; Pioneer Hills, 3 1/2 miles northwest of Roscommon; Woodsbridge Ski Area, 5 miles north of

Lewiston; Silver Beach Ski Resort, 8 miles northwest of Lewiston; Gay El Rancho Ranch & Ski Club, 4 miles southeast of Gaylord; and Black Mt. Ski Area, midway between Rogers City and Cheboygan.

Of 22 West Michigan ski areas, four are new: Ward Hills, 23 miles east of Ludington on US-10; Harbor Highlands, 3 miles north of Harbor Springs; Brady's Hill, 53 miles northeast of Grand Rapids on M-46 between Lakeview and Arbutus; and Mr. McSeuba, 1 mile north of Charlevoix.

Southeastern Michigan's total is now five with the addition of the Mt. Holly Ski Club, 48 miles north of Detroit on US-10, which will feature artificial snow.

Ten upper peninsula ski areas include the new Mt. Kimberly, 11 miles north of Marquette and Ski Brule Mt., 7 miles southwest of Iron River.

Mr. Furlong said that a ski-map folder containing detailed information on all of Michigan's winter sports centers is now being readied by the Michigan Tourist Council for distribution the middle of December.

Since the close of last season, ski areas established centers have expanded and improved their offerings to handle the increased demand that developed last year, the tourist chief said.

Most of Michigan's ski centers feature special beginners' slopes, cross-country trails and ski jumps. Many also offer toboggan slides and skating rinks as well as spectator sports events throughout the ski season.

The Printing Industry is composed primarily of small business firms and it takes 900 of the nation's largest printing plants to account for more than fifty per cent of the industry sales volume.
